are the names of those students who have done things really worth remembering this year. To those honest and conscientious students who worked hard, made good friends, and took part in school activities, we dedicate this 1959 CHIPS.

M. J. G.

Football Captain Bob White claims a kiss from Homecoming Queen Crystal Starr. In the background is Tom Sollenbarger, escort for the Queen.

Ermytrude Cox (standing) leads a problem discussion group in a unit on Tragedy in Literature. Other members of the group are James Pyle and Gilbert Flores, first row; and Lous Adams, Dan Altman, and Barbara Anderson, second row.

"Pop" Ewing, junior class principal who retired last year, directs the grand march of the 1958 Junior Class Prom.

Roy Banks is watching Doris Hill, Herman Funches, Harold Jenkins, and Barbara Weathington make Christmas cards as the Yuletide season approaches. Mr. Carter, art instructor, is in the background.

So Much Happened This Year

The big hits of the Arts Festival return to feature the PFA Open House program, given last May at the Campus gym. Left to right are Annie Parham, Betty Fuller, Betty Allen, Ernest Lemon, and Roscoe Brown.

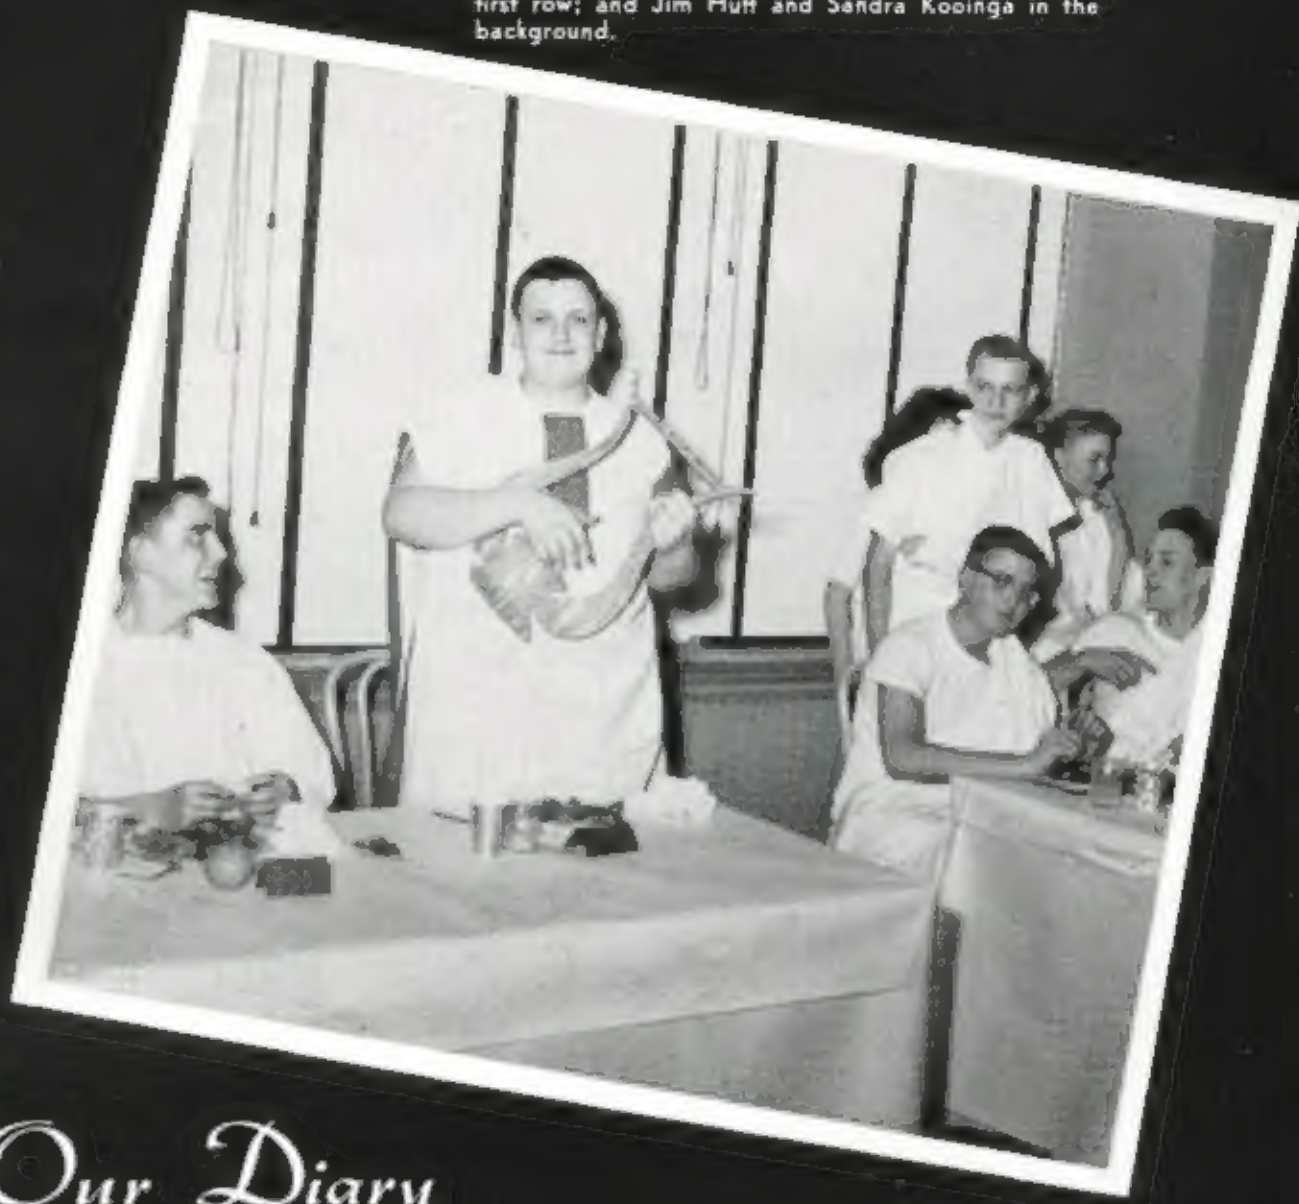

Willie Snoddy, number one, rounds the corner and is off for a good gain. We'll miss this boy next year.

Annie Parham and Carolyn Chatlos welcome Mr. and Mrs. Walter Stevens, special guests for the Parents' Night Football game.

At the Latin Banquet are Lyman Tieman, Joe Knopp, John Aiken, and Craig Humhreys in the first row; and Jim Huff and Sandra Kooinga in the background.

To Put In Our Diary

"Know Your Community Day" brought tours to important businesses and industries for small faculty groups. At the Illinois Bell Telephone Company offices are Mr. Weber, Miss McGruder, Mrs. Bell, Mrs. Bradley, Miss Danahy, Mrs. Hansen, and Mr. Stokes. Escort on the tour was Mr. Johnson (shirt sleeves.)

MEASURED BY HIS SUPPORT"**

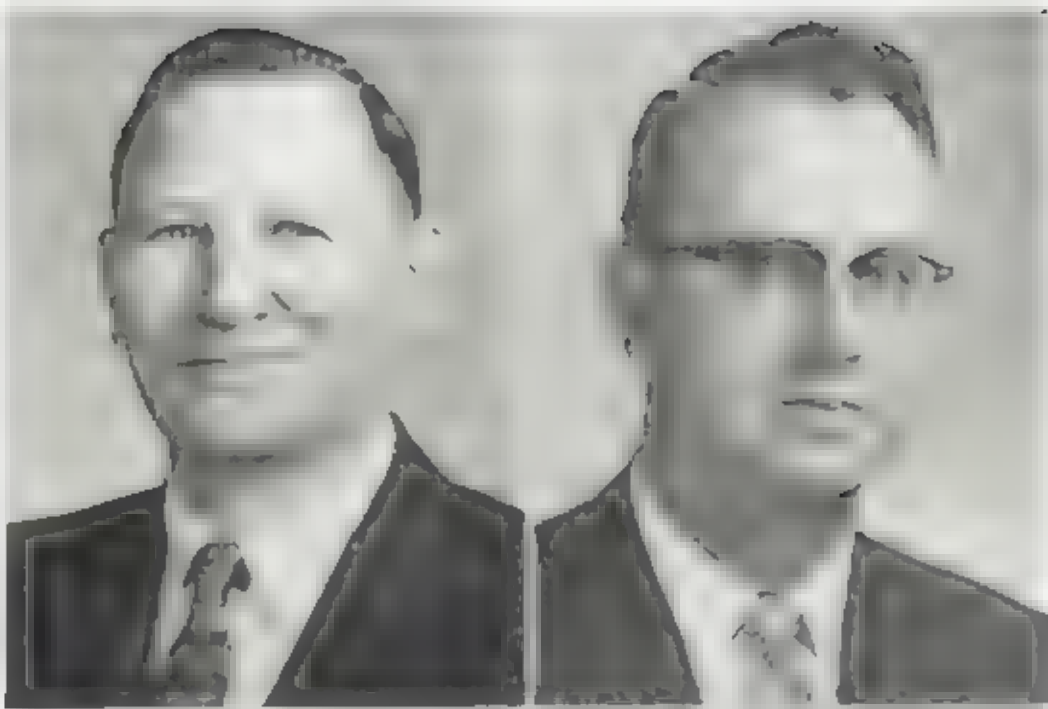

It is my ever-growing belief that a great strength and
measure of a man is the number of people who ever felt the need to
depend on him and the number of people who have more than
just a few words to say for him.

After the years of hard and devoted service to us, he is an
integral part of our life here. Truly it can be said that this school
is only the shadow of a man grown tall and that man is

GRADUATING SENIORS

WILLIE SNODDY, 1

Very good half back. Tough on both offense and defense. All South Suburban League selection, and nominated for all state. Will make a good college player. A gentleman at all times.

AL BARD, 10

Here's a boy with great desire. Played offensive end.

RAY CANTELLO, 11

Another dependable boy. Another year he would probably have played regularly.

DAN ALTMAN, 12

Very good offensive guard. Lots of desire.

RUSSELL ANDERSON, 14

One of the most valuable boys on the squad because of his ability to kick extra points. Will be missed.

JIM CIANCI, 15

Could have been a good football player. Needed more desire to be a fine player.

BONNIE GILLESPIE, 18

A dependable reserve guard.

JOHN BRUNO, 19

Didn't come out for Fresh Soph football. Which was a handicap too great to ever come for a regular position. Very dependable.

HERB DAVIS, 23

Pleasant surprise his senior year. Tough on defense. Will be missed.

DAVE SMITH, 25

Very valuable as a boy that you could depend on to set the ball correctly for our place kicks.

BOB BUCIAK, 30

Nice boy to coach. Tough on defense and offense. Chosen on all South Suburban League team. Good college prospect.

TOM SHIRMANG, 32

A real tower of strength on both offense and defense. Great desire. A South Suburban League tackle.

BOB WHITE, 33

Very good player. Hard worker. All South Suburban League tackle. Acting captain all games.

MIKE WATTS, 36

Very dependable.

DAN KLUCHINS, 39

Came out his junior year and made great progress. Good boy to coach. Would have been a regular had he played Fresh Soph football.

The first photograph shows a person in a light-colored, long-sleeved garment standing in a room with dark wood paneling. The person is facing slightly to the right, and their hands are near their waist. The background is somewhat blurred, showing architectural details of the room.

The second photograph shows three people in a room. One person is seated in the foreground, while two others stand behind them. The room has a wooden floor and a wall with a decorative element, possibly a mirror or a framed picture.

The following table shows the results of the analysis of variance for the effect of the type of soil on the yield of the different varieties of wheat. The data are presented in the form of a table with 3 rows and 4 columns. The first row represents the different varieties of wheat, the second row represents the different types of soil, and the third row represents the yield of the different varieties of wheat. 1. The first step is to identify the problem. This involves understanding the current situation and what needs to be changed.

2. The second step is to set goals. These should be specific, measurable, achievable, relevant, and time-bound.

3. The third step is to develop a plan. This involves determining the steps that need to be taken to achieve the goals.

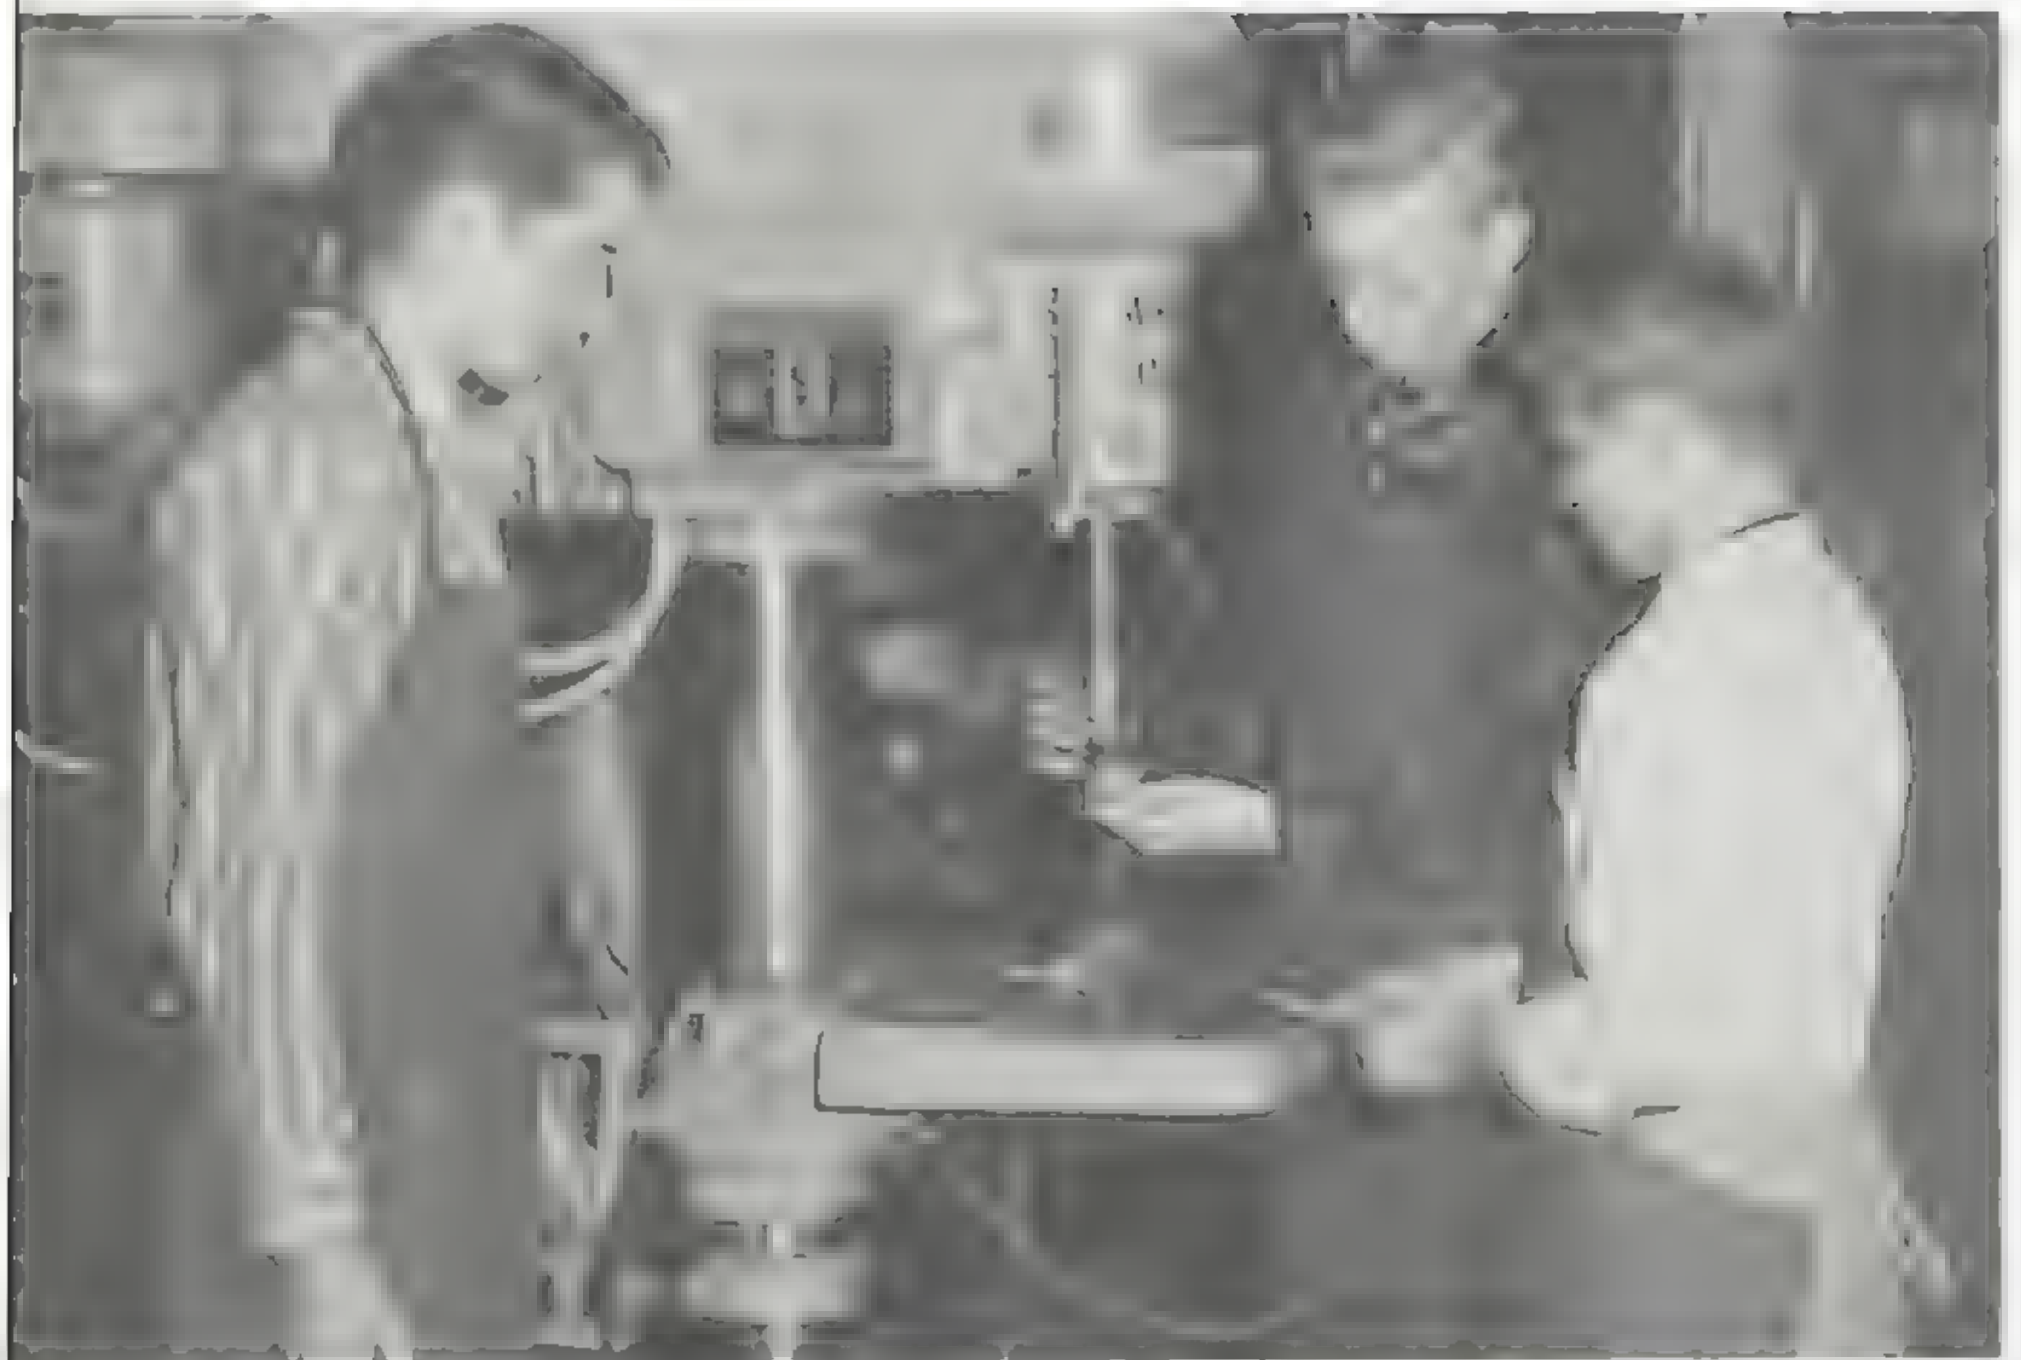

4. The fourth step is to implement the plan. This involves putting the plan into action and making any necessary adjustments.

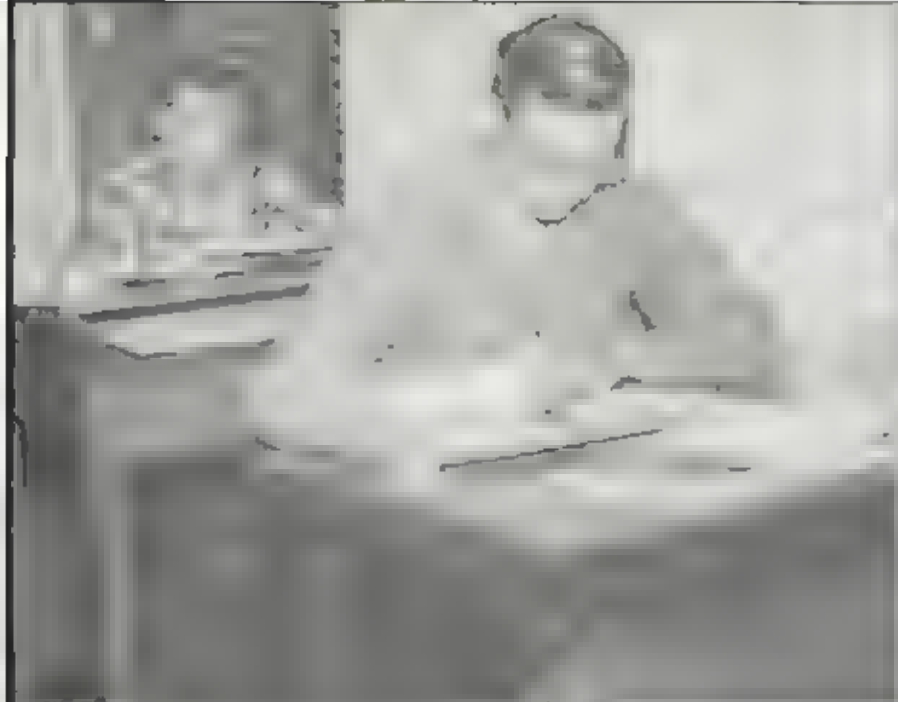

5. The fifth step is to evaluate the results. This involves assessing the progress made and determining if the goals have been achieved.

DISTRIBUTIVE EDUCATION

The Distributive Education program is a cooperative effort between the school and the business community. It provides students with practical experience in a variety of business fields. The program is designed to help students develop the skills and knowledge necessary for success in the business world. Students are placed in various positions within participating businesses, where they can learn from experienced professionals. This hands-on experience is invaluable for students as they prepare for their future careers. The program also allows students to earn credit for their coursework while working. This can help them save time and money on their education. The Distributive Education program is a valuable resource for students who are interested in business. It provides them with the opportunity to gain real-world experience and to develop the skills they need to succeed in the business world. COMMUNITY HIGH SCHOOL CONCERT AND MARCHING

SOUTHWEST MIXED CHORUS

The Southwest Mixed Chorus, a group of students from various schools in the Southwest, performed at the Community High School Concert and Marching. The group, consisting of both male and female students, was led by their respective choir directors. They performed a variety of songs, including traditional hymns and contemporary Christian music. The performance was well-received by the audience, and the students were praised for their harmonies and vocal range. The chorus is a testament to the musical talent and dedication of the students in the Southwest region.
